## Executive Summary

No mechanised on-site exploration activities were undertaken during the reporting period. Community consultation activities were limited to telephone communications with landholders in close proximity to the activity area, to advise that drilling activities (drilling concluded 6<sup>th</sup> June, 2025 and reported in the previous reporting period) had been completed. In addition, the Community Consultation Risk Assessment and Community Consultation Strategy documents were reviewed and updated during the reporting period to ensure continued alignment with applicable regulatory requirements and best practice.
